

## FOREWORD

The Architects Registration Council of Nigeria (ARCON) derives the power to register and control the training and practice of Architecture in Nigeria from Decree No. 10 of 1969 further amended by Decree No. 43 of 1990) now Architects (Registration, Etc) Act CAP A19 the Laws of the Federation of Nigeria 2004.

Subject to the provisions of the Act and in accordance with rules made by the Council, it became necessary for the Council to prepare and maintain a register with particulars of Architectural Firms eligible to practise in Nigeria.

Pursuant to the above, ARCON has therefore decided to publish a list of registered Architectural Firms to protect the public in the choice of firms and thereby safeguard the lives and property of the society against the menace of quacks. Only the services of firms named herein should be engaged for Architectural services in the Federal Republic of Nigeria. The use of any other firm or persons is in contravention of the provisions of the ARCON Act.

The Council regrets that a number of Architectural Firms have had their names removed from the Register for failure to pay their annual subscription and or their principals. This is in conformity with Sections 5(4)-(e), 7(6) to (7) of Architects (Registration, Etc) Act CAP 19 LFN 2004 and other rules made in that behalf. Architectural Firms are hereby advised to pay their annual dues on or before the 1st of January of any year to enable the Council insert their names in the Register of Architectural Firms.

It is, however, imperative to inform the public that only the names and particulars of the Architectural Firms have complied with the conditions set out in Section 5(1) - (d) of the enabling Act are published herein. The public may therefore wish to contact the ARCON Secretariat, if the need arises.

The Register shall be updated from time to time as provided for in the law.

Enquiries for clarification of any part or parts of the contents of this document are welcome by the Council or visit our website [www.arconigeria.org.ng](http://www.arconigeria.org.ng) for regular updates.
